WASHINGTON (AP) — Bargaining talks aimed at averting a nationwide railroad strike were spurred on today by President Johnson's implied shorter deadline for a voluntary settlement.

"We should know definitely, not later than next Monday, whether the parties to this dispute will settle it by the process of bargaining and by responsible reason," Johnson said Wednesday.

"The country experts that an-

swer to be yes," Johnson said after conferring privately with federal mediators and negotiators for five unions and nearly 200 railroads.

Johnson did not say what he might do if the talks fail, but he would have no power to halt a scheduled strike April 25 unless he asked Congress for special legislation.

The five-year dispute over wages, job classifications and working conditions had exhausted all provisions of federal law when Johnson won a 15-day strike postponement last Friday and set up the emergency bargaining talks.

"There is no settlement yet," Johnson said Wednesday on the sixth day of the talks, "and there can be no settlement until all issues are disposed of."

His reference to a definite decision by Monday was the first official indication that he will not let the entire 15-day postponement elapse without considering other steps.

"So far, there's been no threat of legislation," said George Reedy, White House press secretary.

"The principal question," Johnson said, "is whether these bargainers can, in 15 days, get over four years of the idea of somebody else settling their disagreements for them. I hope they can. I think they can."

He asked for another "definitive" report on the talks by this weekend.

The five train operating unions represent about 200,000 employees. They are protesting proposed railroad work-rules changes which they contend would amount to substantial pay cuts for many workers and eliminate many jobs.

Wallace Ripped By Gov. Welsh

Indiana Primary Tempo Increases

INDIANAPOLIS, Ind. (AP)—The tempo and the temperature of the Indiana Democratic presidential primary rose sharply today after a one-day visit to Indianapolis by Gov. George C. Wallace of Alabama.

Wallace drew a blistering denunciation from Gov. Matthew E. Welsh of Indiana, whom he will oppose in the May 5 primary.

The Indiana primary is the second of three scheduled by Wallace for active campaigning. Last week in Wisconsin he polled 260,000 votes, about 35 per cent of the total cast in the Democratic presidential primary. His third campaign will be in Maryland.

Wallace came to Indiana Wednesday, one day after having placed fourth among nine write-in candidates in Illinois. He polled more than 4,500 votes on both Democratic and Republican ballots there.

Welsh, who entered the presidential primary only to claim Hoosier delegates' votes for President Johnson, quickly said he was "not interested" in an invitation from Wallace to debate.

The usually mild-mannered Welsh said in a statement, "This is the man whose beliefs were responsible for the deaths of innocent children in the bombing of a Sunday School class."

Outside a chemistry lecture hall where Wallace answered Butler University students' questions, another group of students picketed with signs like "no racism in Indiana."

"I'm not a racist," Wallace told the applauding students inside. "A racist is one who hates another person in his heart because of his color. I would not be a segregationist president. I would be a state and local rights president."

The student audience, asked

Wellsville Mayor Asks Police Chief To Take Lie Test

WELLSVILLE — John Hephner, fired as chief of the Wellsville police department last week, was sent a letter yesterday by Mayor William Daugherty asking the chief to submit to a polygraph test.

Hephner was removed from office by the mayor who said he was acting on sworn evidence submitted to him showing misconduct and the acceptance of bribes.

The former chief has appealed the removal to the Wellsville Civil Service Commission which has set a hearing April 27.

Hephner has continued to steadfastly deny all accusations. Thus far Mayor Daugherty has refused to identify Hephner's accuser or accusers. Hephner is a 22-year veteran of the department, 13 years as its chief.

Columbus Woman On Final Lap Of World Solo Flight

OAKLAND, Calif. (AP)—Jerry Mock prepared today to fill the cockpit of her single-engine plane with operatic song along the last 2,800 miles of her attempt to be the first woman to fly solo around the world.

"It was about time a woman did it," she said.

Mrs. Mock, 38, mother of three, needs only to fly the 1,200 miles or so from Oakland to El Paso, Tex., and then the final 1,600 miles to her hometown of Columbus, Ohio, the starting point March 19. She has flown more than 20,000 miles east to west over both major oceans and three continents, singing arias to relieve the loneliness.

After the 2,400-mile flight from Honolulu to Oakland in 17 hours and 39 minutes Wednesday Mrs. Mock stepped out of her red-and-white Cessna 180 into the arms of her husband, Russel, 39, a copy supervisor in an advertising agency.

"She'd rather have a double shot of Scotch right now," confided her husband as he handed her two orchids instead.

About six hours later, Mrs. Mock sat on a bed in an Oakland hotel room, sipped her Scotch and told of her loneliness in flight.

"I couldn't even get any good music on the plane's radio," she said. "So I sang opera."

I'm not a very good singer."

On her current flight the 5-foot, 107-pound aviatrix became the first woman ever to fly solo across the Atlantic Ocean to Africa and the only woman ever to pilot a single-engine plane across the Pacific.

"This is something men do all the time," said Mrs. Mock, evaluating her flight. "It was about time a woman did it."

Her husband told of the crowd expected to greet Mrs. Mock when she returns to Columbus either Friday or Saturday.

"The homecoming will be when I decide," interrupted

School Board Delays Meeting 'til April 27

Due to the illness of one member and the anticipated absence of another, the Salem Board of Education has postponed its monthly meeting until April 27 because of the lack of a quorum. The board would have convened Monday night.

John Herman Jr. is still in Salem City Hospital in fair condition after suffering a heart attack last week. He will be in the hospital for at least six weeks and may not be able to attend a board meeting for several months.

Another member, Robert Campbell, is scheduled to be out-of-town the night of the usual meeting.

Study Building Plans
Meanwhile, presentation of tentative plans for the new Senior High School addition to accommodate freshmen will wait. Architect Robert Beatty of East Liverpool said today that his drawings are complete, for presentation to the board for its consideration. He is expected to appear at the April 27 session.

Beatty has conferred with Sup. Paul E. Smith about eight times since his appointment by the board. They have toured the Senior High School where

Protestant Merger Plans Receive Jolt

PRINCETON, N.J. (AP) — Protestant church leaders sifted through a strongly worded Methodist statement today for clues to the future of a movement to unite six major churches embracing 21 million members.

A Methodist commission attending the third annual Consultation on Christian Union issued a statement Wednesday saying there were many theological and social questions that would take a long time to resolve.

"Although one must never overlook the possibility of the intervention of the Holy Spirit to bring men to a common mind," the statement said, "it is difficult at this time to judge that a plan of union of the churches is feasible during the coming quadrennium (a four-year period)."

The statement emphasized, however, that this must not be construed as closing the door to ultimate unity. A spokesman said the statement was drafted some time ago, but essentially still holds.

Methodist Bishop Glenn Phillips of Denver, Colo., had said Tuesday that union of the six denominations may take as long as 20 or 30 years to be realized.

In a companion development, a spokesman for the Protestant Episcopal Church said he did not expect his church's governing body to initiate a general plan of union when it meets later this year.

Tide Gazing Serious Business In Alaskan Fishing Community

SELDOVIA, Alaska (AP) — Even in the drifting snow they came—down to the boardwalk to watch the tides.

Jack English, 61, the town judge, was there. So were Chuck Hendrix, the mayor, and the owner of H. S. Young Mercantile, Charles Knight.

Tide watching is deadly serious business in this isolated little fishing community nestled against the green hills of the Kenai Peninsula in south-central Alaska.

The tides jeopardize the town's entire business district—its five seafood plants, the two grocery stores, the four hotels, the restaurants, bars, the movie house and all the other shops—30 in all. Valued at more than \$15 million, they set on two miles of vulnerable boardwalk.

For three days this week Seldovians watched anxiously as the tide crept into their city. Ten buildings were flooded, but

Troop Strength Is Increased By Government

Hundreds Killed On Both Sides In Kien Long Battle

KIEN LONG, South Viet Nam (AP) — Communist units were reported massing in the Mekong River delta countryside today for another assault on the district capital of Kien Long.

Two airborne government companies took up positions within the perimeter of the town which the Communists mauled last Sunday. Reinforcements poured into the civil guard outpost that successfully withstood the assault.

Townpeople demanded to be taken to safer areas. Scores of peasants were pouring in from the countryside of the Ca Mau peninsula, the southern tip of Viet Nam.

The only American in Kien Long, an adviser with the airborne troops, said intelligence sources reported the Viet Cong wanted to overrun the town again because they failed to demolish the civil guard post Sunday.

After the attack, the government rushed in reinforcements. The Viet Cong battled them for three days instead of melting away into the countryside, their usual practice.

American sources said nearly 300 government soldiers were killed or wounded, the heaviest toll of a single engagement in the war. They said civilian casualties were few.

Leetonia to Study Flood Correction

LEETONIA — Two possible solutions to the flooding in the heard when Council met Wednesday in Mayor Ralph Kennedy's office.

James Allen, an engineer representing the Allen and Allen Surveying Co. of Canfield, submitted drawings and estimates of the two proposals.

The first plan would involve placing tile across the road through the Carey property and then to Lower Rd. at an estimated cost of \$2,500. The second proposal would be to place tile from Chestnut St. to Wood St. and divert the water onto Wood St. at an estimated cost of \$700.

Council agreed to take the matter under advisement and notify the engineer of its decision.

Anti-Litter Ordinance
In other business, Mayor Kennedy instructed Solicitor Edward Greenamyer and Police Chief Allen Gibson to draw up an ordinance to prohibit dumping and littering inside the village limits, to coincide with a state ordinance.

Clerk Dan Butch was asked to draft two letters to the Public Utilities Commission of Ohio. The first would request an investigator to check the need of sidewalk gates at the Pennsylvania Railroad crossing on Chestnut St. and installation of blinker lights at the railroad crossing at Wilson and Washington Sts.

The clerk will also send a letter registering Council's protest to closing of the Erie freight station.

'Stop-Barry' Move By Ike Predicted

By JACK BELL
WASHINGTON (AP) — Uncommitted party leaders appear to be banking on Dwight D. Eisenhower to touch off stop-Goldwater efforts at the Republican presidential nominating convention.

The former president publicly has remained aloof from the maneuvering in the pre-convention period in which Sen. Barry Goldwater, R-Ariz., has forged well ahead in the contest for convention votes.

Eisenhower has endorsed practically everybody who has been mentioned prominently for the nomination, and some who haven't. His blanket blessing has covered Goldwater as well as his opponents.

But party pros who haven't committed themselves to support of any individual candidate have formed the strong impres-

sion that Eisenhower will abandon his stated neutrality if he fears Goldwater otherwise might win the nomination and pocket the party organization for the next four years.

Eisenhower has provided plenty of evidence he believes the Republicans can win only if they present a moderately progressive program. He clearly fears that a conservative stance would bring defeat in November and a party split in the years ahead.

If the Republicans who want to stop Goldwater could agree among themselves on a candidate, they would be content for Eisenhower to fill at the convention his contractual role as a television commentator and ask nothing more of him.

With less than three months remaining before the convention opens, the uncommitted pros generally agree the field of potential Goldwater challengers has narrowed to Henry Cabot Lodge, ambassador to Viet Nam, former Vice President M. Nixon and Gov. William W. Scranton of Pennsylvania.

They apparently feel New York Gov. Nelson A. Rockefeller has dropped behind in his drive.

There is some skepticism about how long the popularity being shown in the polls by Lodge will last.

Nixon, the 1960 GOP presidential nominee, has no political base, having moved from California to New York. He may turn up with only a handful, if any, convention votes.

Scranton will be Pennsylvania's favorite son. But the feeling is that he has put handcuffs on any real pre-convention drive to move him into contention.

Given circumstances of this sort, the pros think that delegations and individuals will be

Crews Dig for Trapped Miner

Companion Killed By 'Rockburst'

BURKE, Idaho (AP)—Rescuers worked through the night attempting to reach a 47-year-old miner trapped at the 7,000-foot level in the Star mine, Idaho's biggest and deepest zinc mine. One man died in the accident.

Crews were within 12 feet of Barney McCoy near dawn. He and Reed Peck, 41, Wallace, Idaho, were working in the deepest part of the mine when they were trapped by a "rockburst" which sent rocks and timbers into the shaft.

The body of Peck was recovered Wednesday night about five hours after the accident. He had been crushed to death by the debris which came down on him.

A mine official said rescuers had no indication whether McCoy was alive.

A mining expert says the "rockbursts" are small, local earthquakes. Peck was found in the debris-choked tunnel.

The wife and two daughters of McCoy waited for word in their nearby Wallace home.

The Hecla Mining Co. operates the Star mine with its 355 employees. A standby emergency-rescue team was dispatched to the mine after the word came that the men were trapped late Wednesday.

Gus Voltolini, employment manager at the Star, said rescue crews have dug to within six-feet of where McCoy was believed trapped.

McCoy could survive the cave-in if a broken timber held off the mud and rocks and left him an air pocket, Voltolini said.

Mental Patient Admits Setting 6 Cincinnati Fires

CINCINNATI (AP) — Fire Chief Dan Vogel said today an out-patient from a hospital psychiatric ward has admitted starting six fires which broke out here early today within a two-hour period in the same general neighborhood.

Vogel said the man, listed as Robert Lange, 27, will be charged with arson.

Details of his statement were not immediately available and he was taken to the General Hospital psychiatric ward.

Lange was arrested near the scene of the fires as firemen answered the multiple calls.

Dozens of persons were routed from their beds and 40 pieces of fire equipment and approximately 200 firemen had to be called to the area. Three firemen suffered minor burns.

Construction Workers Okay New Contract

CLEVELAND (AP)—A wage settlement affecting 18,000 highway and heavy construction workers has been reached between the Ohio Contractors Association and the Ohio Conference of Teamsters.

The settlement, subject to ratification, provides a package increase valued at nearly 55 cents hourly, Louis Triscaro, conference vice president, reported Wednesday. The increases in the three-year contract will provide \$18 a week more in pay in the last year of the pact, based on a 40-hour work week, he said.

Hospital Rate Of \$60 a Day Is Predicted

CLEVELAND (AP) — The trend is for Blue Cross to go further into higher insurance rates for older and sicker persons who are greater risks, predicts a New York college professor.

Jerome Pollock, professor of

administrative medicine at Columbia University, also forecast Tuesday that the cost of daily hospital care in the near future will rise to \$50 or perhaps \$60 from \$35.

"I think we are approaching a crisis of affluence, not poverty," Pollock told delegates to the Ohio Hospital Association's annual convention. "We will need additional sources of financing and an adequate examination of the problem of care for the whole population of the country."

The hospital's mandate, Pollock continued, is to the public "even though the public be hos-

tile." The movement toward or away from higher rates for older or sicker persons "is a matter of whether the community at large is to be served," he said. Such a movement, he said, "is going to result in serious pressures. If blue cross goes all the way into this area, he said, "there will be questions asking whether it is entitled to preferential treatment tax-wise and otherwise."

"There is an element of fear—it has been called terror—among the poor that they will not be admitted. It is reflected in their reaction when they see rates go up."

The Absence of Knowledge

It's like warming up cold potatoes when the government releases congressional testimony given last February. But the position taken by Gen. Curtis E. LeMay on the missile-bomber issue last November is as newsworthy now as it was then. He shares the doubt expressed by Sen. Goldwater that U.S. missiles can be considered dependable, in view of the fact they never have been thoroughly tested. All that has been tested is the propulsion and guidance systems.

The United States does not know how nuclear warheads would work in missile warfare. It does not know how powerful a warhead could be carried by a missile. Because of the nuclear test ban treaty, it never can find out.

This is the sticking point in Gen. LeMay's thinking—the impossibility of air testing of nuclear devices. He pointed out this disadvantage last August when the Kennedy administration was pushing

ratification of the treaty.

An absence of knowledge has become in his mind an urgent reason to back up missile weaponry with a full arsenal of long-range bombers. He does not support Secretary of Defense McNamara's view that missiles have made bombers obsolete.

He thinks the United States needs both. This issue, in view of Sen. Goldwater's similar views, will comprise a substantial part of the 1964 national campaign oratory.

Lost in the confusion will be the question of whether the United States can afford it. The argument will be whether the United States can afford not to afford it—and the argument is gaining strength.

It had a sudden accession of strength when President Johnson made the surprise announcement that Gen. LeMay's term as chief of staff had been extended an extra six months beyond July 1, when his current term would have expired.

There's a Difference

The government of Belgium has taken the position in a so-called strike of Belgian doctors that medical attention is a citizenship right, not a privilege.

To satisfy this requirement it has drafted doctors and dealt with them more harshly than any modern European government would dare to deal with, say, electrical workers or civil servants.

It is precisely because they said a new government health plan would make civil servants of them that the Belgian doctors laid down their stethoscopes in the first place. And it is precisely because government officials seem to think doctors should be treated as civil servants that government has used the sub-

terfuge of putting them in military uniform to break their strike.

It is a curious circumstance about doctors, that their status is one thing in the abstract but another thing when they are needed.

Belgians had no hesitation to put doctors under political authority in an attempt to hammer them down to artisan status, but then became frantic when the doctors refused to accept their new status. When that happened, Belgians demanded medical attention on an emergency basis.

At last reports, the Belgian doctors were doing their best to survive the socio-political storm and get back to practicing their professional. Perhaps in due time the politicians and labor unionists who have been giving them a bad time will get enough bellyaches of their own to see the difference between artisanship and professionalism.

City's Economic Pulse

Salem factories are humming and business generally is good, as evidenced by the city's bright industrial payroll report for the first quarter of the year.

The over-all plant payroll amounted to a healthy \$5,029,777 for the first three months of '64, which represents a \$71,535 gain over the corresponding period a year ago. Except for several years ago when a recession affected the economy nationwide, Salem's business barometer has reflected continued gains, month after month, year after year.

Not every community can make that statement.

Third Dog

Through no fault of ours, the Twillery has a third dog. This brings the dog census up to quota. It had been one under quota.

There might be a question whether the new dog, Muttie, should be counted as a whole unit because of his small size. But size never should be the criterion. What matters is character.

Muttie has character.

Like his two companions, he needs character because he is an adoptee. Both of them came from the Animal Shelter.

Muttie came cross-country. Our first glimpse of him was a small black bur in a pasture on the far side of the creek, swollen by a recent rain.

We picked him out of the background with field glasses, then worried because he might try to swim the creek. He did swim it and came up on our side safely, in spite of the high water.

THEN WE worried because our two dogs might give him a bad time. They did. He stared them down. He can run between their legs with his tiny vibrating tail erect and never tickle their bellies. They didn't intimidate him.

Gradually, the terms of residency were worked out. After a few days, attempts to find an owner were abandoned. It was disclosed he had been on the loose for some time; he had been seen in the neighborhood for days.

He revealed that he was in a mood to be adopted by wagging his little tail vigorously, jumping into living room chairs,

picking out his own section in the dogs' quarters in the barn, licking his dish clean at mealtime and running the place to suit himself.

He clinched his position last Sunday while watching the burning of the winter brushpile by cushioning his head on the German's bushy tail and going to sleep in the sun. This signified a truce.

Up to that time, the shepherd was in a mood to do away with the interloper but didn't know where to start. Judgment must be withheld until more time has passed, but it's possible Muttie may move into second position and make the Rottweiler the third dog.

THIS IS HOW it works.

In a trio of dogs, two will be inseparable companions and the other will be a third dog was Freckles, a Dalmatian. The spaniel. She once had been No. 1 then No. 2, before going into third place.

At another time, the third dog was Tara, an Irish setter. At still another time, the third dog was Freckles, a Dalmatian. The positions change according to the disposition of the dogs.

Muttie, resembling a dachshund from tip of tail to rib cage and a fox terrier from there to tip of nose, is the dominant type. He proved it when he swam the creek and then stared down two dogs 20 times his size.

It seemed proper to introduce him at this time, because it looks as if he would be around awhile.

Meeting of Minds---

Plot To Kill RFK

By VICTOR RIESEL
Here are the macabre details of an unrevealed and unpublished plot to kill Attorney General Robert F. Kennedy.

The official dossiers on the plans, conversations and eventual frustration of the conspiracy are voluminous. The case is not closed. It yet may be prosecuted before a U.S. bench, if that is possible or in a state criminal court if it develops that no federal statute was violated. For the most part such conspiracies fall under local jurisdiction. I do not point a finger at any one and will refer to the mastermind and will refer to the mastermind. I do not want to interfere with any action by the authorities.

SOME TIME AGO — as good a starting point as any — the "master mind" conferred with a husky aide in a big city hotel room.

"Do you know anything about plastic bombs?" Mr. Big asked the chap he thought was his loyal friend.

"Yes, why?" came the reply.

"Because I want you to do a job for me," was the quiet retort.

"What kind of job?" the aide queried uneasily.

Then, calmly, the "master mind" was reported to have said he wanted to have Bob

Kennedy killed! It must be pointed out that the man who was not, and is not, a political figure, nor were there any basic ideological or philosophical differences between him and the attorney general. There were other reasons.

The man who allegedly proposed the bombing then outlined his plans. He described Bob Kennedy's autos and suggested that the bombs be planted in them. He traced the attorney general's movements and suggested points at which he could be easily attacked.

Then he said testily that if "Bobby" could not be gotten elsewhere he could be hit at home. He proposed that the bombs be planted around the swimming pool at Bob Kennedy's Virginia home.

HIS LISTENER, who had long had a running familiarity with violence and was not readily shocked, was aghast.

"But there might be others around that pool," he said. "They're not involved in anything so why should they be hurt? They might get killed."

At this moment the man to whom the "contract" was being offered felt as though he had just grabbed a fist full of twisting, hissing, unfanged cobras.

He eased himself out of the conversation. Not long afterwards he ran into the authorities and made certain that word was passed on to the attorney general.

Some security measures were taken. Friends urged the "AG" to be more careful. But the reports did not move him to

change many of his personal habits or timetables.

IT WAS NOT until more than a year after Kennedy received the confidential report of the scheme to kill him that he threw a truly tight security guard around those close to him. That came after the grimness of last Nov. 22 when an assassin's bullet cut down his brother the President.

In the months that followed the shooting some of those closest to Bob Kennedy reportedly urged him to "get out of the line of fire." His inmates pointed out that with his father, the ambassador, permanently incapacitated, he (Bob) had become the head of the Kennedy family with its many enterprises. Several families, including his own large one, now were dependent on his guidance.

As for his governmental role, he no longer could make policy. Regardless of his previous influence, it is the nature of our body politic that new policy makers would soon be cutting him off from the White House and its departments.

The attorney general listened, but said little to anyone except the two or three persons closest to him. Some who believe they are close say that he has decided to leave the Cabinet at the end of this year to enter Massachusetts politics and begin establishing a power base of his own.

But they also add that he never will get off the back of the man who tried to hire the plastic bomber.

Capital 'Mess'

By DAVID LAWRENCE
There's a real 'mess in Washington'—probably one of the worst in American history. For the Congress of the United States, intimidated and frightened by street demonstrations and pressure groups, has abandoned 'law and order' in respect to certain legislative procedures. It looks now as if the "civil rights legislation will be bogged down in a morass of hundreds of proposed amendments and changes.

The Senate, instead of sending the House-passed bill to a committee to consider all the amendments and then recommend a bill to the whole body, adopted an entirely different strategy—to try to amend the bill during the debate itself.

Originally this was planned in order to avoid delay in the Senate Judiciary Committee, because it was feared by the advocates of the bill that the measure would be tied up there indefinitely. Now it turns out that amending the bill on the floor of the Senate means a far more lengthy process than ever was envisioned if the bill had gone to the committee.

The majority in the Senate could at any time have organized a select committee of its own to consider the bill and let hearings be held so that all sides could give their arguments for and against the bill as well as the proposed amendments.

IT SEEMS now that the Senate has committed itself to the long-drawn-out procedure of trying to write a bill while every one of its hundred members is given the opportunity to offer amendments. It may take months to deal with that kind of legislative mess.

When the House of Representatives, in order to avoid lengthy committee hearings, permitted amendments to be made on the floor, the bill was changed materially.

When it passed the House, the proponents of the measure in the administration and in Congress insisted that the bill was a perfect measure and did not need further amendment.

As the American people became aware of some of the bill's drastic restrictions on private life in this country, public opinion began to assert itself. Now even the proponents of the "civil rights" bill are beginning to say that certain amendments are necessary.

What is most disturbing is the utter indifference to constitutional questions. It's puzzling to read the bill passed by the House, which says that, if a motel or lodging house rents only five rooms the owner can discriminate. The Constitution does not make any such distinction as to whether racial discrimination begins with five guests or any other fixed figure. It refers only to "equal protection of the laws."

SEN. HUBERT HUMPHREY of Minnesota, one of the Democratic leaders, says that there ought to be something in the bill against any job-quota guarantees and that this would reduce the concern of some of the bill's opponents but will it satisfy the Negro pressure groups?

Sen. Everett Dirksen, of Illinois, the Republican leader who in general favors the House "civil rights" bill, has been struggling with the phraseology of amendments for the last several weeks and is trying to get some kind of agreement among Republican senators so as to reduce public opposition to the bill.

Since the amendments are coming from both the Northern and the Southern senators, it is estimated that the total number proposed might reach 1,000. It's a fantastic situation and just when the Senate is going to get through with the bill is anybody's guess. It is being predicted freely that the confusion will get to be so extensive that when the Senate bill is completed it will really be unsatisfactory to everybody.

It would then have to go to conference between the two Houses and virtually be rewritten.

When this happens, President Johnson may be expected to intervene with his own version of a bill, and perhaps defer some controversial sections for further consideration in another bill next year.

SO FAR as the general public is concerned, it has been given the impression that some kind of filibuster is going on in the Senate. While the Southerners have been making lengthy speeches, the sad truth is that the civil rights bill is not yet ready for consideration by the Senate and will not be until amendments have been submitted for further debate later on.

Meanwhile, Sen. John L. McClellan, D-Ark., has warned that the passage of the "civil rights" bill may produce "greater discord, more hatred and strife among our people, and will create graver problems than any of those it is intended to solve."

"There are always grounds for improvement, progress and some reforms, but those improvements will not be attained by compulsion or coercion."

SEN. FRANK J. LAUSCHE, D-Ohio, who was five times governor of his state and previously was mayor of the City of Cleveland, has sounded a sober note of warning over the extremes of the pressure groups. He has spoken particularly of the recent disorder in Cleveland. He favors the objectives of the civil rights bill, but he says:

"Candidly, I state that the cause of the Negroes in Cleveland and in the nation has been markedly harmed by the recently practiced violence and threats of violence."

The civil rights legislation therefore deserves careful consideration even if it takes another year to do it.

Views of Our Readers

Small Town Doctors

I take exception to Harold Page's statement in the April 9 Associated Press article that it is the small town itself that has the inability to "sell" itself to a young doctor because it is non-progressive and not filled with high falootin' people, good enough for the young physician's city-bred wife.

I say he's all wet! I place the blame entirely upon the parents who raise this young doctor and his wife-to-be, in the way most young married folks seem to think any more. Their philosophy is to get married and right away try to get all the things it took their parents 30 years of hard work to accumulate. I think a lot of these new doctors, who were put through school only because their parents sacrificed, forget they were ordinary folks. But now, all of a sudden, some of them seem to think us ordinary folks aren't good enough for them.

I think all of us need to remember our own humble beginnings and show more compassion for our fellow man.

Historic Segregation

The history of the United States government versus segregation and its concern with one race has me baffled.

Lines were drawn to segregate the Indian to the reservation, and the Mexican to the territory of Mexico, as conquered people by the United States government.

Needless to say, they were

here to welcome the white settlers.

Motion pictures depicting even religious segregation, in addition to these historic facts, make it hard to comprehend why Negro rights are considered so much more important than any of these:

"The Vanishing American" — Indians.

"Gentlemen's Agreement" — Jewish.

"Giant"

"The Alamo"—Mexicans.

All this before the Underground movement of the Negro.

Matter of Fact

The most popular bird songs seem to have a certain randomness, a quality of unpredictability. The wood thrush has 10 songs which can follow one another in any one of 90 combinations, and the bird can improvise many different contrasts within a few minutes' singing.

On the Bookshelves

New Books at Salem Public Library

NON-FICTION

EPILOGUES AND PRAYERS by William Barclay. One hundred brief worship services designed to be used at the close of church-related activity or program.

THE CORPORATION TAKE-OVER, edited by Andrew Hacker. The chapters of this book were originally prepared as papers for the Center for the Study of Democratic Institutions which was established by the Fund for the Republic. The aim of the book is to clarify for businessmen and the general public alike the problems arising from the changing outlook and circumstances of the large American corporation and the landscape it dominates.

LISTEN TO LEADERS IN LAW edited by Albert Love and James Saxon Childers. Sixteen famous lawyers tell of their own thinking of making the law a career.

HUMMINGBIRDS by Crawford H. Greenwalt. The beauty of the photographs in this book is beyond description. It has been a long time awaiting publication, but the result is very worth while. The descriptions are brief, non-technical and reflect the personal experiences of the author, whose regular job is President of the DuPont Company.

INSIDE ELECTRONICS by Monroe Upton. The sub-title "the how and why of radio, TV, stereo and Hi-Fi", explains this book as well as it could be done.

THE EXPLORATION OF SPACE by Arthur C. Clarke. The first edition of this book came out in 1952. So much has happened in the field since then that the prediction of the author looked very wild at that time, but have now been so far exceeded they sound timid indeed.

EVERYTHING BUT THE FLAK by Martin Caidin. Martin Caidin and a friend secured three authentic B-17 bombers from World War II days and flew them across the Atlantic for the filming of John Hershey's "The War Lovers". Their wild experiences make a book a lot of men will enjoy.

SHAKESPEARE'S ENGLAND by the editors of Horizon magazine. This is a book which not only has many beautiful and helpful colored and black-and-white illustrations, but which presents Shakespeare in a way likely to interest many people.

MU - FACT OF FICTION by Elizabeth G. Wilcox. The title of this book is somewhat of a misnomer, for the author firmly believes that the continent of Mu did exist, and this entire book gives examples and cites facts and existing works of art to prove James Churchward's stories about this now-sunken continent.

MARY McLEOD BETHUNE by Rackham Holt. A biography of the remarkable Negro woman who did so much for her race and who counted as friends many of the greatest people in the country.

FROM RAGS TO RICHES by John Tebbel. A biography of the writer of fabulous stories of success for boys - Horatio Alger, Jr.

THE TORCH IS PASSED, the Associated Press story of the death of a President. Even now, it hardly seems possible that it happened. The photographs of the faces all through the book showing the disbelief and the shock will perhaps make many people take on just a bit more

of responsibility.

FICTION

RUN ME A RIVER by Janice Holt Giles. A novel about a river boatman, his crew, his boat, and his adventures in plying cargo up the Green River in Kentucky during the Civil War.

THE NIGHT OF THE GENERALS by Hans Kellmut Kirst. This is the story of a murder and of the long hunt to determine who the murderer was, but it is not at all a murder mystery as one ordinarily thinks of them. The victim was a Polish prostitute, the murderer one of three Nazi German Generals. This is well done for its type, is likely to appeal much more to men than to women.

THE COLLECTED NOVELS OF CONRAD AIKEN. Mr. Aiken has won both a Pulitzer and a Bollingen prize for his poetry, but some critics believe his novels are fully as good as his poetry. These were written some years ago, but none have been available in a good while.

THE NATURE OF WITCHES by Joan Sanders. Gil Barham has come to work at the University in Sweden. At the last minute his wife has refused to come, saying that she wants a divorce. The story follows him, and her influence, through his affair with a beautiful Swedish woman and a second marriage.

LIGHT FICTION: Four new stories by Peggy Gaddis are - **MOUNTAIN MELODY**, **A NURSE CALLED HAPPY**, **NURSE LUCIE** and **JUNIOR PROM GIRL**. Others are - **LOVE FINDS THE WAY** by Marcia Ford, **YOUNG DR. LEINSTER** by Ann Gilmer, **THE GIRL FROM SHERMAN OAKS** by Arlene Hale, **THE NURSE FROM HAWAII** by Jean Webb, **REMEMBERED MELODY** by Jeanne Judson and **MAKE-BELIEVE WIFE** by Peggy O'More.

Mysteries: **ANDREW'S WIFE** by Kage Booton. Andrew Pailles had a much younger wife - and an adopted son just about her age.

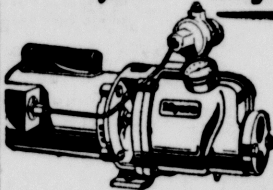

IN THE EVENT OF MY DEATH by Hester Bourne. A British bank clerk is left a strange legacy from a beautiful woman he scarcely knew.

Mr. and Mrs. Robert Brandt

Carol Ann Amos Becomes Bride of Robert Brandt

The First Methodist Church in Lisbon was the setting for the wedding of Miss Carol Ann Amos and Robert Lee Brandt April 4 at 2:30 p.m.

The bride is the daughter of the late Mr. and Mrs. Wilbert Amos of Lisbon. Mr. and Mrs. Raymond Brandt of Winona are the bridegroom's parents.

In the presence of the immediate families, the double ring ceremony was performed by the Rev. Thomas Hammett, pastor of the Methodist Church of East Palestine, formerly of the Lisbon church, and the Rev. Frederick Shiltz, pastor of the local church, before the altar enhanced by vases of white gladioli and carnations.

Nuptial music was played by Mrs. Kenneth Everett, who also sang "The Wedding Prayer."

The bride's gown was of white flock nylon, designed with a fitted bodice. It had a scalloped squared neckline and cap sleeves. A white satin cummerbund was held by a large bow at the back, from which streamers fell upon the bouffant ballerina skirt. A pearl studded circle held her finger tip veil of nylon net, and she carried a cascade bouquet of white carnations.

Miss Helen Andre of Winona served as the maid of honor. Her blue dotted Swiss street-length gown was fashioned with a scoop neckline, cap sleeves and featured a blue satin cummerbund and streamers. Her flowers were a colonial bouquet of white carnations and blue

pompons.

Galen Brandt was his brother's best man. Ushers were Lowell Brandt, another brother, and Paul Amos, brother of the bride.

The bridegroom's mother was attired in a beige brocade dress and jacket with matching accessories and a corsage of white carnations.

Following the ceremony, Miss Lynda Cope of Winona registered 125 guests at the reception held in the church social room.

The bride's table, overlaid in white, was centered by a three-tiered wedding cake, baked by the bridegroom's mother, which was topped by a miniature bride and bridegroom. Double lighted blue candles graced each side.

Serving at the reception were Miss Patricia Gamble of New Garden, Mrs. Lester Strum and Miss Norma Crook of Lisbon. Out of town guests were from Rochester, N. Y., Lansing, Mich., Beaver Falls, Pa., and Cleveland and Dayton, O.

The bride is a graduate of United High School and is employed by Farmer's National Bank of Lisbon.

The bridegroom, also a graduate of United High School and the Salem School of Technology is employed by the R. L. Drake Co. of Miamisburg.

For the wedding trip, the bride wore a navy suit with white accessories and the corsetage from her bridal bouquet. After June 1, the couple will reside in Dayton.

Garden Study Club Hears Talk, Plans Future Events

Dr. Fred Crowgey showed colored slides of his recent trip through South America to members of the Salem Garden Study Club when that group met Monday night at the Ruth Smucker House.

Mrs. Albert Catlos presided and announced that Mrs. Russell Limestone and Mrs. Richard Lawrence will represent the club at the Audubon Camp at Dayton April 26-27.

Mrs. Paul Roher reported on

the activities of the Junior Garden Club of Buckeye School.

The ways and means committee reported on the coming appearance of Mrs. Dorothy Fuldheim who will speak Tuesday night at the Junior High School auditorium under the sponsorship of the club.

"Let's Have a Party" will be the theme of the flower show for members at the "guest night" meeting May 11 at the Ruth Smucker House.

Confirmands of Emmanuel Church Feted At Dinner

Centerpieces of forsythia and daffodils decorated the white covered candlelit tables when 30 confirmands of the Emmanuel Lutheran Church were honored at a banquet Sunday night at the church Fellowship Hall.

Members of the Martha-Ruth Circle, under the chairmanship of Mrs. John Kandert, were in charge of the dinner arrangements.

There were 154 in attendance and guests were members of the church council and their wives, parents of the confirmands, and members of the Lutheran League and their parents. Roger Schalnat gave the invocation.

Gary Kekel gave the welcome address and the confirmands response was given by Fred Spack.

Sacred melodies were played by accordionist Kenneth Woerther and group singing was led by Mrs. R. D. Freseman. Colin Helm, Elton Neumann, Ronald Stanley and Rev. Freseman

gave brief talks.

The honorees were initiated into the Luther League by members of the league sophomore class under the direction of Susan Fritzman.

Mothers of the confirmands were presented red roses by Miss Linda Kekel.

Following the dinner a film, "Venture for Victory," a story of the Taylor University basketball team from Indiana, who toured the Orient, was shown.

OFFICERS FOR 1964-65 of the Salem Quota Club installed Tuesday at the annual installation party and dinner at the Salem Golf Club are pictured above. Seated (l. to r.) first vice president, Mrs. John Kuenzli, and second vice president, Miss Lillian Schroeder. Standing (l. to r.), president, Miss Helen Ailes; treasurer, Mrs. Oliver Duke, and secretary, Mrs. Kenneth Woods.

Installation Dinner Held By Members of Quota Club

Miss Helen Ailes was installed as president of the Salem Quota Club when that group met Tuesday night at the Salem Golf Club for their annual installation dinner and party.

Miss Gladys DeBolt of East Liverpool, governor of Sixth District of Quota, presided at the ceremonies installing the 1964-65 officers which included: First vice president, Mrs. John Kuenzli; second vice president, Miss Lillian Schroeder; secretary, Mrs. Kenneth Woods; treasurer, Mrs. Oliver Duke, and directors, Miss Ruth Hoch, Mrs. Winifred Byers, Mrs. Forrest Hill and Mrs. Wilbur Coy.

The installation table was centered with a large blue "Q" adorned with silver bow, in a circle of blue lighted tapers in crystal holders. In front of the symbol was placed a low arrangement of blue tinted carnations and silver leaves.

Miss DeBolt also initiated Mrs. Ann Auman, Mrs. Chris Paparodis and Mrs. John Yuhank into membership.

Attractively decorated preceding the formal ceremonies, dinner was enjoyed at tables decorated in the Quota colors, blue and silver. Pots of blue hyacinths wrapped in silver were set on the side tables

The Doctor Says

By Dr. WAYNE G. BRANDSTADT

Health Questions And Answers

Q—What is the cause of hemorrhoids and what is the best treatment?

A—A hemorrhoid is an enlargement of one of the veins at the outlet of the bowel. There are two principal types. One is the small acutely inflamed hemorrhoid close to the outlet which can often be relieved by rectal suppositories.

Failing this, your doctor can make a simple incision and remove the clot. The other type is the enlargement of several veins a little higher in the rectum. This type almost always has to be removed surgically.

Factors that may cause hemorrhoids include prolonged straining at stool, pregnancy and hereditary weakness of the supporting tissues around the rectal veins.

Q—I have heard that sauerkraut juice is good for stomach ulcers. Is this true?

A—Fresh cabbage juice, not sauerkraut juice, has been used in the treatment of peptic ulcers. Some observers have reported beneficial results, but this treatment must be considered experimental. It is not a substitute for the other measures that have long been used to treat ulcers.

Q—I recently pulled my hamstring muscle. My doctor recommended rest and sun-bathing followed by moderate kicking exercises. Will this cure it?

A—The treatment you received should have led to recovery by now. Some doctors advocate alternating hot and cold packs — 10 or 15 minutes each for 40 to 60 minutes two or three times a day. One of the steroid hormones (cortisone group) usually speeds recovery. Care should be taken not to repeat

the injury as the cure becomes more difficult each time it occurs in the same muscle.

Q—Would an injection of 300,000 units of penicillin be considered an overdose for a person who is allergic to it?

A—Any dose of penicillin (or any other drug) is an overdose for a person with an allergy to that drug. That is the reason you should always tell your doctor of any known drug allergies you may have.

Q—What happens to the brain or heart when a child has a convulsion? Can a child have a convulsion when his temperature is normal? Could a child die or have brain damage in a convulsion? What causes them?

A—Convulsions are due to many causes. The commonest of these is epilepsy and high fever at the onset of an infection. With epileptic convulsions there would be no fever. Brain tumor and water on the brain may cause convulsions. But the convulsion itself would not cause brain damage unless the child fell on his head during the seizure and suffered a concussion or skull fracture.

Since some causes of convulsions could be fatal, you should call your doctor if your child has one. Keep the child quiet and apply an ice bag or cold cloth to his forehead while you are waiting for the doctor to arrive.

Test for Youth

By HAL BOYLE

NEW YORK (AP) — How young are you?

Thanks to wigs, antiwrinkle creams, hormone pills and other devices, the inroads of time are so camouflaged that it is getting harder to tell anyone's real age.

It isn't altogether a matter of physical appearance either. The differing generations seem to have confused their normal aspirations and patterns of conduct.

Older people are trying to be young again, while lads just out of college are worrying about Social Security.

Here is a box score to test yourself. You're probably still on the sunny side of middle age if—

The mortgage on your home has 19½ years to run.

You still call your wife by the pet nickname of your courtship days instead of aping the children by addressing her as "Mother."

Being broke all the time now doesn't bother you so much, because you feel supremely confident that in another five years at most you'll double or triple your income.

You like to open letters because you retain the hope that good news as well as bad news comes by mail.

It is more fun to play baseball at a picnic than to go golfing with your employer.

You can overhear a conversation between two teen-agers and understand at least half of what they are saying.

Confronted by a long flight of stairs, you automatically go up them two at a time and reach the top without feeling you need to lie down until you can breathe easier.

When a stranger dances with your wife at a party, you feel jealous of him instead of grateful.

If a shoelace breaks, you balance on one foot while you tie it instead of looking around for a fire hydrant to use as a support.

The only glasses you wear are sun glasses, and the fine print in the telephone directory is no problem.

You'd rather get out on the lawn and cut the grass yourself than sit on the front porch and tell your wife how to do it.

It is unclear in your mind whether Calvin Collidge was a minor jazz band leader in the 1920s or subbed in the outfield for the New York Yankees when Babe Ruth was off his feed.

You still have the same number of chins you had 10 years ago.

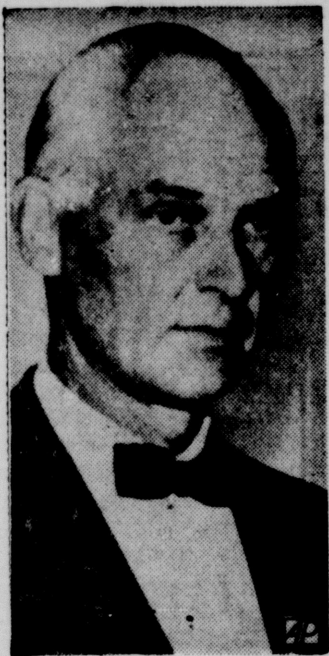

The Granges

Salem Meets Friday

The Salem Grange will meet Friday at 8:30 p.m. at the hall, according to Galen Greenisen, master. Installation will not be held as previously announced, he added.

ORDERS MENTAL TEST

HAMILTON, Ohio (AP)—Common Pleas Judge Fred B. Cramer has ordered Mrs. Sonje Silverstein, a 26-year-old widow from nearby Oxford, to undergo psychiatric examination at a Cincinnati hospital. Mrs. Silverstein is charged with first degree murder in the death of her four-year-old son Lee, who was found drowned in the bathtub of their home April 8.

GOES ON TRIAL — A Swedish colonel, Stig Wennerstrom, above is on trial as a master spy. He is charged with turning over to the Russians top secret material on Sweden's defenses and on NATO.

Soviets Reject Nuclear 'Freeze' Proposal by U.S.

GENEVA (AP)—The United States unveiled today a proposal to freeze the number of nuclear missiles and bombers of the major powers without making these armaments subject to international inspection. The Soviet Union immediately assailed the idea.

U.S. disarmament delegate Adrian S. Fisher emphasized that no inventory or control of the total weapons held would be required. This plan was designed to meet Soviet objections that disarmament inspection would be used for espionage.

Fisher told the disarmament conference a rigorous control and inspection system would be set up, however, to prevent a buildup of stockpiles or improvement of weapons.

Semyon Tsarapkin, head of the Soviet delegation, immediately lashed out at the entire proposal, restating all previous Soviet objections.

He repeated the Soviet claim that the freeze verification procedure would submit all Soviet defense secrets to the scrutiny of Western spies.

"No country which does not harbor aggressive intentions against others would insist on such controls," Tsarapkin asserted.

damage was minor. Wednesday the tides were receding.

But the danger is not over. May's tides will be higher and there is always the fear of a storm.

"If the winds come, God help us," says one resident.

At one time Seldovia stood safely on her stilts. Even at high tide when more than 20 feet of water moved in, there was room to spare under the boardwalk.

Then came the Alaskan earthquake. Geologists say it tilted the land masses of south-central Alaska, leaving sunken coastal areas at the mercy of the tides. The land may slip back at least partly to normal, say the scientists, but it's impossible to tell and may take months or years to find out.

There is talk of raising the whole business district, but a reluctance to go that far until it's known what lies ahead. The cost could be prohibitive—maybe \$2.5 million.

Mrs. Mock
(Continued from Page One)

Mrs. Mock, indicating she's in no particular rush.

"I'm just a housewife," she said. "I get tired of washing dishes and ironing clothes."

"Maybe I'll want to get out of the house again and take another flight. But this time with my husband in a bigger plane."

"And, about this trip I'm going to write a book—'How to Fly Around the World and See Nothing,'" said Mrs. Mock.

"She just may do that," said her husband.

the approximate 20-room addition is proposed for erection, and the Junior High School which the administration and board hopes to renovate. Both improvements will hinge on the passage of a bond issue in November, the amount of which will be determined after plans have jelled more thoroughly.

Smith said earlier that he and Beatty have seen fairly eye-to-eye on the methods of enlarging the senior high and revamping the junior high. What these plans are will not be divulged until the board meeting.

Since the high school was built with the prospect of future expansion in mind, chiefly skyward, it is expected that the major part of the enlargement will be a second-story addition.

On the heels of recent informal consultations between representatives of the Salem Teachers Association and members of the board, a discussion of teachers' salaries may play a part in the meeting. Any increase in salaries could evolve only if a new levy were passed, Supt. Smith said several weeks ago.

"There is no money for salary increases within our present financial structure except for those regular increases provided for in our salary schedule," he said.

King Hussein Terms U.S. Palestine Policy 'Distressing'

WASHINGTON (AP) — King Hussein of Jordan, ending his talks here today, has joined President Johnson in expressing hope for a "just peace" in the Middle East but has also voiced Arab concern with U.S. policy in that area.

Hussein, who goes to New York next, declared that American policy toward "the tragedy of Palestine" has been distressing.

Appearing as the spokesman for 13 Arab nations at a public luncheon Wednesday arranged by the Citizens Committee on American Policy in the Middle East, Hussein said Americans are not adequately informed about one million Arab refugees whom he said had been "forcibly uprooted" by Israel from their homes in Palestine.

It is time, he declared, for the United States to take a new look at the problem and added that "adherents of the Jewish faith" should search their souls on "the whole problem of Zionism" that can "engulf them and others in a senseless and ruthless calamity."

Israel, he said, is planning "further aggressions with an idea of expansion." Part of this plan, he declared, is Israel's program — bitterly opposed by the Arabs — to divert Jordan River water to irrigate the Neg-ey Desert.

"All Arabs," he said, regard Israel as "a real and ever present danger to their national survival."

Later, Hussein joined with President Johnson in a communique issued after their final 45-minute conference at the White House. It stated their concern for a just peace in the Middle East, described their talks as frank and cordial and said Johnson had pledged support of "Jordanian efforts to attain a viable and self-sustaining economy."

Hussein wraps up his three-day visit in the capital after meeting with Atty. Gen. Robert F. Kennedy and having luncheon with a number of Congress members.

TO ELECT OFFICERS
Election of officers will be held when the Columbiana County Traffic and Safety Committee meets Monday at 7:30 p.m. in Lisbon Village Hall. H. Jud English of East Liverpool, president, will preside.

Firemen answered the call at 1:48 p.m. and didn't leave the scene until nearly two hours later. Off-duty firemen, as well as city maintenance men, were called in to help extinguish the blaze.

While no serious damage was incurred, several wooden sheds caught fire and had to be put out. Bush said the sheds may not have ignited if there wasn't tall grass growing all along them.

Three pieces of equipment — two trucks and the chief's station wagon — were at the scene. Firemen were called out again at 10:12 p.m. to extinguish burning rubbish at 862 E. Pershing St.

Firemen answered the call at 1:48 p.m. and didn't leave the scene until nearly two hours later. Off-duty firemen, as well as city maintenance men, were called in to help extinguish the blaze.

While no serious damage was incurred, several wooden sheds caught fire and had to be put out. Bush said the sheds may not have ignited if there wasn't tall grass growing all along them.

Three pieces of equipment — two trucks and the chief's station wagon — were at the scene. Firemen were called out again at 10:12 p.m. to extinguish burning rubbish at 862 E. Pershing St.

and W Rubbish Service of Canfield was present to inquire about the findings of the health and sanitation committee in regard to hauling garbage and rubbish in the village. Council decided to table the issue until next meeting.

The street committee was requested to study the parking problem on Oak St. and to report its findings to council at the next meeting.

Council agreed to clear the ball field at Central Park of cinders to comply with a request by a representative of the Little League.

The sum of \$9,000 of inactive funds has been deposited in the Citizens Savings Bank at four per cent interest for two years.

Galen Greenisen, county commissioner, appeared in an attempt to dispel rumors that he wanted the village dump closed for personal reasons.

Approval was given to payment of bills totaling \$4,504.12. Next meeting will be May 6.

BOY SETS \$15,000 FIRE
XENIA, Ohio (AP)—A barn containing a house trailer, farm machinery and other items burned down and part of Bellbrook lost telephone service for

two hours—all because a boy, 10, wanted to win \$25 for a news tip. The youngster told Greene County sheriff's officers he set the fire in grass near the barn

so he could call a Dayton radio station with news of the blaze. It did \$15,000 damage. The boy's punishment is up to juvenile authorities.

Columbiana Knocks Off North 67-42 In Dual Meet

Gosney, Ward Set Records

Clippers Compete At Newark Saturday

Three Columbiana High School records were set as the Clippers knocked off Youngstown North 67-42 in a dual track and field meet at Firestone Park in Columbiana Wednesday.

Fred Gosney set two of the marks, and sprints star, Jim Ward the other.

The Clippers were first in 10 of the 13 events to even their season record at one victory and one defeat.

Coach Waldo Ward and his aggregation will compete in the Newark Relays Saturday, and will be home against Youngstown next Wednesday.

GOSNEY, A SENIOR, set the 180-yard low hurdles record in 20.3 seconds. He broke the old standard of 20.4 established by Dale Murphy in 1963.

The three-year veteran broke his own mark of six feet, set last year, when he soared over 6-1 in the high jump.

He also won the high hurdles in the impressive time of 15.2, and was a member of the winning 880-yard relay team.

WARD, ONE OF THE state's fastest dash stars, sprinted to a new mark in the 440-yard dash in 51 flat. He broke an old standard set by George "Chalk" Gaines back in 1920.

The speed merchant also placed first in the 100-yard dash in 10 seconds flat, and the 220-yard dash in 21.7.

Another double winner for the Clippers was junior Al Roberts, who won both distance races. He took the mile run in 4:58, and the 880-yard run in 2:09.9.

During an indoor meet earlier in the season, Roberts ran a mile in 4:39.

One of the outstanding prospects on Columbiana's team, sophomore Jack Hawks, won the discus with a toss of 122 feet. He also finished third in the shot put and high jump.

RICK PERRIN, ANOTHER senior veteran for the Clippers, finished second in the century dash in 1:03, second in the 220-yard dash in 22.7, and second in the broad jump with a leap of 19 feet, 5 inches.

He was also a member of the winning half-mile relay team timed in 1:36. Tom Cope and Dukats also ran with the unit.

The only events that the Vikings were able to win were the mile relay, shot put and broad jump.

The pole vault was not held.

Indians To Entertain Kansas City

Tribe Plays 1st Game Under Lights Friday

CLEVELAND (AP) — The Cleveland Indians will play the Kansas City Athletics here Friday night in their first night game of the new baseball season.

It will be the first game for both teams since they were beaten in their season openers Tuesday—Cleveland dropping a 7-6 decision to the Minnesota Twins here and the Athletics losing to the Detroit Tigers, 7-3, in Detroit.

Southpaw Jack Kralick is acting manager George Strickland's choice to pitch for the Indians. He is expected to be opposed by Diego Segui, a right-hander who had a 9-6 record last year. Kralick won 14 games and lost

13 in 1963. Looking back Wednesday on the Indians' performance against the Twins, Strickland said:

"Nobody likes to lose, but if we can hit as well and score six runs a game, we're going to win a lot more than we lose, you can bet on that." The Tribe outhit the Twins 10 to 8.

Dick Dohovan, the veteran right-hander who had an 11-13 mark last season, is scheduled to pitch for the Indians against the Athletics Saturday afternoon. The Tribe's first doubleheader of the season will be against the Los Angeles Angels here Sunday afternoon. After that the Indians will be on the road until May 6.

10-Rounder Is Non-Title Bout

Joey Giardello Fights Rivero At Cleveland Friday Night

By BARRY DAVIS
Associated Press Writer

CLEVELAND (AP)— Middleweight Champion Joey Giardello, who fights Juan (Rocky) Rivero in a non-title 10-rounder at the arena here Friday night, likes to fight in Cleveland.

"I consider Cleveland my town," the 33-year-old Philadelphia scrapper said, "because I

won five out of five here—all good wins. In 1959 I beat Dick Tiger here."

The nationally televised (ABC) bout at 10 p.m. (EST) will be Giardello's first time out since he won the crown by decision from Tiger in Atlantic City last Dec. 7.

He said the four-month layoff "shouldn't be any problem—I had a five-month layoff before fighting Tiger for the title."

Rivero, a Argentine middleweight champion, is known more as a puncher than a boxer. The 26-year-old South American has knocked out 36 opponents in compiling a record of 41 victories, 10 losses and one draw. He was stopped in the seventh round by Florentino Fernandez in New York last Dec. 13.

"Rocky will either knock out Giardello or give him a bad beating," said Sid Martin, Rivero's manager and also his interpreter.

Giardello calls Rivero "a rough kid."

"He throws a lot of punches," the champion said, "and he's a little unorthodox. He leads with rights and throws overhand rights. I'll watch both hands. He's got a good left hook."

Martin said Rivero "will figure out Giardello's style and put enough pressure on him—he's not a waiting fighter."

"If Rocky beats him," Martin continued, "We'll holler for a championship-match."

Giardello said he's supposed to defend his title in June. "But I'm going to ask for a month or two delay," he added. "I want to get a couple of fights in. I haven't picked anybody yet for a championship fight, but I'm thinking about Rubin Carter, Tiger and Joey Archer."

Defeat 2 Junior High Squads

Salem Frosh, 8th Graders Triumph In Track Meets

Salem's freshman and eighth grade track teams swept to victories in track and field meets against Columbiana at Firestone Park Tuesday.

Coach Bing Newton's 9th grade aggregation chalked up its third straight win, an impressive 80-29 decision over the Clippers.

The Quakers took 12 first places, while Columbiana managed only to win the 880-yard relay.

Terry Sheets was a triple winner for Salem. The eighth grader star, competing with the freshmen, was first in the 100-yard dash, 220-yard dash and broad jump.

Bill Rist won both hurdle events for the Red and Black. Salem took all three places in the high hurdles, 440-yard dash, 880-yard run and high jump.

Mauer paced the Clippers. He placed second in the century and 220-yard dash, and was a member of the winning half-mile relay unit.

Doug Hamilton tallied 14½

points to spark the Salem heavyweight (eighth grade) to a 65-30 win over the Clippers.

Hamilton won the 220-yard dash and shot put, was a member of the 880-yard relay team, and placed second in the 75-yard dash.

Gary Franklin came in with 12½ markers for the Red and Black by taking the 120-yard low hurdles, 100-yarddash, finishing on the winning half-mile relay team, and placing third in the broad jump.

Senators Win 6-4; Skowron Hits Homer

By MURRAY CHASS
Associated Press Sports Writer

Bill Skowron is home. That sweet sight for Skowron is the American League, where he starred with the New York Yankees for nine years before being shipped to the National League.

The 33-year-old first baseman, now with Washington, officially marked his return Wednesday night with a home run that ignited a six-run outburst in the second inning, the Senators' biggest inning in two seasons.

The spurge carried the defending cellar champions to a 6-4 triumph over the Los Angeles Angels in the only American League game.

Skowron's home run, his first hit as a Senator, was his first in

the league since Sept. 25, 1962. Two months after that homer, which incidentally was against the Senators, the Yankees sent him to the Los Angeles Dodgers. Skowron might not have felt like an alien in the National League, but his .203 average didn't exactly make him feel as if he belonged.

He wound up the regular season with a mere four home runs and 19 runs batted in before erupting in the World Series and helping the Dodgers to a four-game sweep of his former teammates.

Following the first baseman's big hit Wednesday night, starting pitcher Bennie Daniels singled in one run, Don Blasingame singled for two more and Chuck Hinton drove in the last pair with a triple.

Mets Drop 2nd Straight; Cards Dump LA

Mays Belts 3rd Home Run; Giants Romp 10-8; Pirates Triumph 5-4

By MIKE RATHET
Associated Press Sports Writer

They're tearing down the Polo Grounds, and Willie Mays is ripping up Candlestick Park.

Mays, 3,000 miles and seven years removed from New York's Polo Grounds, hammered his third home run in two games Wednesday night, triggering a

10-run third-inning uprising that carried the Giants to a 10-8 victory over Milwaukee.

It was the biggest inning for the Giants since the team pulled out of New York and moved west after the 1957 season.

Mays, the only member of the Giants who played with the club while the Polo Grounds was

called home, now does most of his hitting at Candlestick Park. In the first two games of the season he has collected three hits and three homers. He hit a pair against the Braves Tuesday, then followed with a three-run shot Wednesday.

The St. Louis Cardinals also came up with a big inning, rapping Don Drysdale for five runs in the eighth inning en route to a 6-2 victory over Los Angeles—their first triumph over the world champion Dodgers in their last five regular-season games.

In other action, Bill Virdon drew a bases-loaded walk in the 12th inning that forced in the winning run in Pittsburgh's 5-4 decision over the Chicago Cubs, and Jim Bunning won his first game as a National League pitcher by pitching Philadelphia to a 4-1 victory over the New York Mets. Houston and Cincinnati were not scheduled.

The Giants started rolling in the third inning after winning pitcher Jack Sanford drew a

two-out walk off Bob Sadowski. Before it was over the Giants had lashed six hits—including the homer by Mays and a three-run double by Sanford his second time around.

Despite the cushion, Sanford needed relief help from Bob Shaw, a former Brave. Ed Bailey, acquired by Milwaukee in the trade for Shaw, hit a solo homer off Sanford and Eddie Mathews connected with a man aboard.

The Cardinals' winning rally also was started by the winning pitcher when Bob Gibson stroked a single. After Gibson moved over to second, Drysdale intentionally walked Bill White but got crossed up on his strategy by hitting Charley James with a pitch.

Ken Boyer then rapped a two-run single that broke a 1-1 tie and Johnny Lewis, Curt Flood and Tim McCarver followed with run-scoring singles. Frank Howard got a run back for the Dodgers in the ninth with his second homer in two days.

Foul Shooting Event Will Start Friday

The annual foul shooting contest will get under way at the Memorial Building Friday from 1 to 3 p.m., and will continue Saturday from 10 a.m. through 1 p.m.

Each person must throw 25 times in an attempt to qualify Friday. Those who reach the finals Saturday will try 50 more shots.

Entry fee is 25 cents. Trophies will be presented to the winners in each classification as long as there are at least two entries in the division.

The classes and age groups are as follows: class A, 21 - 35; class B, 17-20; class C 15 - 16; class D, 13-14; class E, 11 - 12; and class F, 10 years and under.

The small basket will be used for the youngsters. The old timer's bracket is listed from 35 to 100 years of age.

In the girls division, class A is for 15 years and older; and class B for 14 and under.

Leetonia Junior High Thinclads To Join In Meet

LEETONIA — Thirty thinclads, junior-size, will take to the cinderpath Tuesday in a first, experimental track meet for seventh and eighth graders from Orchard Hill School.

They will be facing a junior high squad from Fairfield School after classes at the Leetonia High track under the tutelage of Wayne King.

Principal Jerry Russell said track is part of the developmental program instituted by the Board of Education. Track is the third sport added to the junior high program. Football and basketball are the others.

Events the junior harriers will compete in are the 50, 100, 220 and 440-yard dashes, the 440-yard relay, 50-yard low hurdles, shot, discus, high jump and broad jump.

Thistledown To Hold 10-Race Programs

Thistledown, which begins its 44-day meeting on Saturday, May 23, will hold 10 races every Monday, Wednesday and Saturday, it was announced yesterday by track president Edward J. DeBartolo.

The Ohio State Racing Commission granted the 10-race days on a trial basis. Last year Thistledown held nine races a day, or 54 per week, the same number that will be staged this season.

J. Gilbert Haus, Thistledown general manager, pointed out that track attendance is highest on Saturday, Wednesday and Monday, in that order. Eight races will be carded every Tuesday, Thursday and Friday.

Canfield Set For Speedway Opening

The star-studded entry list for Canfield Speedway's stock car racing opener Saturday night continued to grow today with the announcement that Les Snow of Indianapolis would be on hand.

Saturday's new car opener will be sponsored by ARCA and only the 1962, 1963 and 1964 model cars will compete in the 5-event program. A 100-lap race will be featured.

Snow, one of the leading stock car drivers in the nation, won the Canfield Memorial Day classic in 1958. He will bring in a 1963 Ford.

Another new entry is Marty Rater of Findlay Lake, N. Y., who has a 1964 Ford.

ADDING LOCAL interest will be the appearance of Don Sawyer of Girard and Wimpy May of Auburn Corners, familiar faces who have been seen many

times at Canfield. Sawyer is entered in a 1963 Ford and May a 1963 Plymouth.

At least half of Saturday night's entries will be brand new 1964 model cars as the battle between Fords and Plymouths continues.

Time trials begin at 7 p.m. with first race getting under way at 8:30 p.m.

CLASS A and Class B family camping areas in six state parks open Friday, April 17, reports Ernest Gebhart, chief, Ohio Division of Parks and Recreation. The 1,162 Class A campsites are distributed as follows:

Burr Oak, Athens - Morgan Counties, 60; East Harbor, Ottawa, 570; Hueston Woods, Butler-Preble, 151; Pymatuning, Ashtabula, 225, and Rocky Fork, Highland, 156. There are 170 Class B family and 10 Class B youth group sites at Old Man's Cave, Hocking; 30 Class A youth group sites at East Harbor.

There are 1,650 Class C family sites in 24 parks, 85 Class D family sites in four parks, 58 Class C youth group sites in five parks and 281 Class D youth group sites in 14 parks. The total number of campsites in 31 parks is 3,446. Class A and B areas close Sunday, Oct. 18, while Class C and D areas are open the year around, with limited facilities for Class C in the winter.

Area classifications are as follows: Class A, family - approved water under pressure, drinking fountains, waste water drains, flush toilets, automatic laundry and shower facilities, specific numbered lots, picnic tables, outdoor grills or fire rings. Class B, family - approved water under pressure, drinking fountains, waste water drains, pit-type toilets, centrally located showerhouses with electricity, stationary laundry tubs, specific numbered lots, picnic tables, outdoor grills or fire rings.

Class C, family - approved water at well or hydrant, pit-type toilets, waste water drains, marked lots, with picnic tables, outdoor grills or fire rings. Class D (primitive) family - pit-type toilets and refuse containers only. Class A, group - same as Class A family; Class B, group - same as Class B family; Class C, group - same as Class C family, and Class D, group - pit-type toilets and refuse containers only.

MINUTES AFTER Anchorage buildings and hillsides began to totter with the recent Alaskan tremor, ground water levels in Ohio began to "bounce". Fluctuations of as much as six feet were recorded at Van Wert by the ground-water level gauge operated by the Ohio Division of Water. Wells in other areas showed a bounce of four to eight inches.

This bounce effect lasts only a few minutes and is considered merely an interesting scientific phenomenon by Paul Kaser, the division's chief hydrologist. It is interesting to note, however, that the U. S. Geological Survey, with which the division conducts cooperative programs, maintains a continuing study of such occurrences.

"The fluctuations of water tables is caused by a squeezing effect on the earth's crust by major earthquakes," said Kaser. "Energy is thought to be transmitted in much the same manner as a woman shakes a throw rug, sending a sharp ripple from her hands to the opposite end of the rug."

"Not all wells are similarly affected, however. The magnitude of fluctuation in any given well seems to bear little relation to any specific hydrologic condition, such as type of bed-

Szura Sets Mark, Barons Whip Quebec

QUEBEC (AP) — Joe Szura wiped out a 13-year-old American Hockey League playoff record as the Cleveland Barons whipped the Quebec Aces 4-2 Wednesday night in the opening of the final Calder Cup Playoff.

The 6-foot-3 center from Ft. William Ont., in his second season with Cleveland, scored two goals in the second period for a total of 12 in the playoffs. This erased the record of 11 set by Wally Hergesheimer in 1951, his rookie year with Cleveland.

Booster Club To Meet At Senior High Gym

Coach Don Clarico and Salem High students will give an isometrics physical education demonstration during the Boosters Club meeting at Salem Senior High gym tonight at 7:30.

During the program, Coach Karl Zellers will give a talk on the Salem track team progress.

Quakers Face Boardman Here Friday

Salem Track Squad Enters Rayen Meet

Following the Salem - Boardman meet here Friday at 4 p.m., the Quakers will compete in the Youngstown Rayen Relays Saturday.

The meet is a preview of this year's coming Class AA district track and field carnival at Salem scheduled May 15.

Church Slo-Pitch Loop Meets Tonight

Sponsors, managers and team representatives of the Salem Church Slo-Pitch Softball League will hold a meeting in the Memorial Building tonight at 7:30 p.m.

Anyone interested in entering a team in the new loop is urged to attend.

At a meeting held Tuesday by the Class AA and Class A leagues, Old Dutch, Salem Merchants, Parker Chevrolet, Fernengel's, Charlie's Boats, Gold Bar, Willie's Bake Shop and Salem Moose 571 showed an interest in entering teams.

There are still openings in both loops. Anyone interested in getting a team into either of the leagues should contact Dick Youngpeter.

A total of 19 schools have already entered the Rayen event, including defending district champion Youngstown South, who will be a strong favorite Saturday.

Preliminary races and field events will get under way at 10 a.m., and the finals are scheduled to start at 2 p.m.

Besides the usual 14 events staged, a 2-mile relay, shuttle hurdle relay, and a freshmen 880-yard relay have been added to the card.

Trophies will be awarded to the first three teams to finish in the meet, and the winner of each race. Ribbons will be given to second, third, fourth and fifth place.

A most valuable player trophy will also be awarded to the outstanding individual at the conclusion of the track classic.

When Roger Maris hit 61 home runs in 1961 and Mickey Mantle smacked 54 these were the most homers ever hit by two players on the same team in one season.

SEEK CAUSE OF FIRE

FINDLAY, Ohio (AP) — Fire department officials are seeking to determine the cause of a fire at Findlay College that forced the evacuation of 120 girls from a dormitory.

The blaze early Wednesday damaged only a small area of the dormitory's second floor but smoke and water damage was considerable. The girls returned to their rooms when the fire was put out about two hours later.

When a yeast recipe calls for potato water, just use the water in which pared potatoes were cooked.

68 Persons Attend Event at Columbiana

COLUMBIANA — "Sponsors dinner, Mrs. Florence Campbell, Welcome Wagon hostess, welcomed the group and introduced the sponsors and Mrs. William McMahon, club president, who presided at a brief South Side School. Following meeting.

The program consisted of a mock style show entitled "Out of This World," narrated by Mrs. James Gano, during which members modeled original creations representing the clubs sponsors products or services. Sponsors present included Mr. and Mrs. Louis Bair, Mr. and Mrs. Wayne Bauer, Mr. and Mrs. Roy Rupert, Dennis Paulson, Mr. and Mrs. James Gano, Mr. and Mrs. Charles Wright, Mr. and Mrs. Joe Hoffman, Mr. and Mrs. George and William Keller, Mr. and Mrs. William Kimpel and Mr. and Mrs. Willard Ferrall. Table centerpieces were of daffodil arrangements and Mrs. Ralph Goist and the club's officers were in charge of the dinner.

Next meeting May 12 will feature a visit to the Ohio Bell Telephone Co. office at Salem.

Larry Drennan of Hubbard, member of the Youngstown Photographic Society, demonstrated "Tabletop Photography" and showed slides at the Columbiana Camera Club meeting Monday at Joshua Dixon School. Guests were present from the Youngstown and Salem Camera Clubs.

Slide of the month contest winners were John Thiel, first and second place, and Richard Detwiler, third place. Walter Messersmith served refreshments.

PHILO CLASS of the Columbiana Methodist Church meets at 8 tonight in the parlor. A plant exchange will be featured. Members of the committee include Mrs. Robert Powers,

chairman; Mrs. Hayden Nichols, Mrs. Kenneth Murphy and Mrs. James Moorehead. Mrs. Donald Perrin will have devotions.

Mr. and Mrs. Paul Vanderwerf of Union St. visited at the home of his parents in Muskegon, Mich. His father has been seriously ill for several weeks.

Mr. and Mrs. Eddie Linger of N. Main St. have purchased the Fritz Roth property on S. Vine St. and are moving into it.

Mr. and Mrs. Robert Hart, who were married Saturday, will reside on N. West St. following a trip through the southern states.

Mrs. Darhl Ritchie of S. Vine St. has been in Florida the past week, with relatives.

St. Paul's Science Fair Opens Friday

St. Paul's School will hold its annual science fair Friday with exhibits open to the public from 1:30 to 3 p.m.

Sister Mary Conrad said from 250 to 300 exhibits will be erected in the gym, halls and lobby by third through eighth graders. Projects are required for sixth through eighth graders, but are optional for the young pupils. John Daliman, sixth grade teacher, is in charge of the fair.

The faculty of 11 will judge the exhibits Friday before the public opening and Rev. J. Richard Gaffney is scheduled to present four trophies to winners at a school assembly Monday morning at 10.

The fair exhibits are divided into three classes: natural, biological and physical. This is the fourth annual fair on an expanded scale.

Officers Are Chosen By Greenford Club

GREENFORD — Junior officers were elected when the Busy Bee Sewing Club met recently. They are:
Janet Maxwell, president; Nancy Bare, vice president; Judy Kenrich, treasurer; Irene Wilmer, news reporter; Marilyn Kenny, health chairman; Emily Knopp, safety chairman; and Kathy Shepard and Paulie Johnson, recreation leaders.

Next meeting will be April 28 at the school.

Mr. and Mrs. Donald Kuhns visited at the home of her brother, Mr. and Mrs. Bruce Rhodes of Toledo.

With Patients

Paul Liniger, 27, of 145 W. Pershing St., is in fairly good condition in the Central Clinic Hospital where he was admitted Saturday morning for surgery resulting in the amputation of his left hand which he crushed in a drill press while at work at the Sterling-Salem Corp. plant on the Newgarden Rd.

Robert Hively, seven-year-old son of Robert Hively of Berlin Center, was treated Wednesday afternoon at the Alliance City Hospital for a laceration of the chin received while riding on the school bus.

Ellen McDonald of Damascus, who fractured her right knee in a fall was treated at the Alliance hospital Wednesday at 9:30 a.m.

12 Who Staged Train Robbery Sentenced

AYLESBURY, England (AP) — Judge Edmund Davies sentenced 12 men today to prison terms ranging up to 30 years for their part in Britain's great train robbery.

Seven men were sentenced to prison for 30 years, two for 25, one for 24, one for 20 and one for three years.

The robbery of the Glasgow to London mail train on Aug. 8 netted the gang 2.6 million pounds — \$7,680,000 — the greatest cash haul in modern times.

The big robbery occurred at a nearby hamlet when about 15 men stopped the mail train with a false red signal and overpowered clerks in the car carrying most of the money.

The police have recovered only about 300,000 pounds (\$840,000). They think the rest has been cached away by three or four men, so far uncaught, who masterminded the theft.

Sebring Rest Home Gets \$250,000 Gift

SEBRING — The Cope Methodist Home for The Aged, to be constructed here has received an anonymous gift of \$250,000.

The gift from a Youngstown area donor will be used toward actual construction of the home it was announced by Dr. Norman Parr, superintendent of the Youngstown District of the Methodist Church and chairman of the policy and planning committee of the home.

"We hope this will help bring the rapid development of the home in order that we may care for elderly people," Dr. Parr commented. Construction is expected to cost \$1 million.

58 TO GET PHYSICALS
Fifty-eight Columbiana County men left this morning for pre-induction physicals in Cleveland, according to Mrs. Elaine Griffith, clerk of the county draft board in Lisbon.

Twenty-four will leave next Tuesday for induction into the armed forces, completing the April call.
